Youth Start Coaching

- The Start Workshop offers goal-oriented group and individual coaching for young people aged 16-29 who are outside education and employment.
- Coaching is held at the workshop from Monday to Friday, 12:00-16:00. Participation is flexible: young people can attend 1-5 days a week based on their own resources.

Business Start-Up Advisory Services

Interested in Entrepreneurship?

We help you start a profitable business. Our start-up advisory services are free of charge and confidential. We offer low-threshold support for idea development and business start-up guidance — for both private individuals and business clients.

Developing and structuring your business idea. Information on different business forms and light entrepreneurship. Advice on financing, permits, taxation. Help with financial calculations and business registration. Guidance on applying for start-up grants

We assist with finding business premises and establishing your business in the region. You also gain access to the business developer's personal network of contacts. Meetings can be arranged at Nakkila Municipal Office or another agreed location. Welcome to our advisory services!

You can book a time via our online booking system, or contact Jari Keinonen directly. We also serve existing businesses.

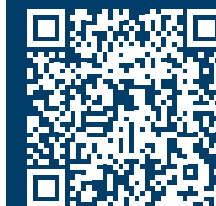

Entrepreneurship is also an option
